

SLIMFRESH®

Flat cardboard support designed to be **RECYCLABLE** giving consumer possibility to easily separate the liner from the cardboard and place into suitable waste recovery stream.

Vacuum Skin to extend shelf life **reducing food wastage**.

Fully printable cardboard support extends **communication and merchandising**.

Flexibility to run on Trave® Trays Sealers through **simple tool changes**.

SLIMFRESH®

First of its kind launched by Mondini, it REDUCES plastic content by up to 80% in the vacuum skin market. Combining a fully printed flat cardboard support with a thin high barrier liner and Vacuum Skin technology, opening new opportunities in pack styling, merchandising and communication.

Over 50 G.Mondini SLIMFRESH® installations in operation world wide
